

MINNESOTA'S WALK-IN ACCESS PROGRAM

PUBLIC ACCESS TO PRIVATE LANDS

Enjoy the outdoors? Buy your Walk-In Access (WIA) validation for just a few dollars each year, and gain access to 30,000 acres of land for your favorite outdoor activities: hunting, birdwatching, photography and more. Scan this QR code for up-to-date WIA maps and visit mndnr.gov/walkin for more information.

The power of partnership: The Minnesota Department of Natural Resources, Natural Resources Conservation Service and Soil and Water Conservation Districts work together with landowners to provide Walk-In Access lands in Minnesota. The Walk-In Access Program is funded in part by the Voluntary Public Access and Habitat Incentive Program grant offered through the US Department of Agriculture, Natural Resource Conservation Service.
